

Harvest for All is a partnership between the SCFB Young Farmers & Ranchers program and local food charities, which provide food to people in need around the state. Each year, County Farm Bureaus are encouraged to organize projects/activities that help bridge the food gap in the following ways:

FUNDS Raise money for a local food bank, food kitchen or food project

FRIENDS Volunteer time at a local food bank, food kitchen or food project

FOOD Collect food for a local food bank, food kitchen or food project

Project How-to:

- Choose a local charitable organization and decide what type of food project would meet their needs. Contact Heather Barberio if you need assistance.
- Let your County Farm Bureau Board of Directors know which charitable organization you choose and be sure to discuss money management for a "funds" project. All funds received must be donated by Dec. 30, 2023.
- Form a team, decide on a start & end date for the project and make a plan. Feel free to cluster up with neighboring counties.
- Keep at least one of the SCFB YF&R Committee Members that represents your district informed about your project.
- Take pictures during your project.
- Track how much money, time or food (weight) you donate.
- To see examples of previous winning projects, please go to www.scfb.org/harvest-for-all
